Dear Managing Partners,

I am writing you today to thank you and members of your firm for being the first to accept the “Calling on Business” challenge that was launched only a couple of weeks ago.

Through your efforts, an Ottawa Housing Community on Regina Lane, in Ottawa’s West end received much needed landscaping. In addition to beautifying the area, the work performed helped to save several thousand dollars by preventing damage to fencing caused by uncontrolled growth.

Having Team Low Murchison on site also had a social impact in the community. Several residents were inspired and came out to work alongside your team.

In addition to personally thanking you, I thank you of behalf of the residents who’s community and homes are brighter and better thanks to your efforts.

I would particularly like to thank Ms. Alaina Spec for having organized your firm’s participation.

Kindest regards,

Christine Taylor
